## DECORATIVE CLIP

### WN

*WN clips are designed to fasten insulation to ARC, IS-N, CD, and VBS pins, offering a stable and visually appealing solution. In addition to providing reliable protection, these clips serve a decorative purpose, blending seamlessly with the insulation's color for a harmonious look. Constructed from high-quality plastic, they allow for discreet, 'invisible' installation. Ideal for projects that demand both functionality and aesthetics, WN clips elevate the appearance of applied insulation.*
